

## Philippians 4:13-23

### A Theology of Giving and Receiving

- 1) God's provision often comes from the sacrifices of other Christians
  
- 2) Giving lets us partner in ministry that we could never do ourselves
  
- 3) Giving is not about cash but it is about credit
  
- 4) Giving is not about acceptance it is about worship
  
- 5) Give to Christians who will praise the Trinity and pass it on
  
- 6) Giving generously puts us in a place of blessed dependence
